This report is a first-of-its-kind exploratory survey of National and State Teachers of the Year, reflecting on the various stages of their teaching experiences building to becoming teacher leaders. In this report, we offer insights on the professional experiences and supports that these teachers believe most contributed to their growth and eventual excellence as a teacher. Please join us for a panel discussion made up of the researchers and STOYs who worked firsthand to compile and analyze the survey data to develop this report.

Welcome by:

Ellen Sherratt, Center on Great Teachers & Leaders at American Institutes for Research
